DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Claims 21-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over Blum. Applicant's arguments have been considered but are not deemed persuasive. Blum discloses a mat having removable inserts that may be display inserts or may be tacky inserts that do not have a display thereon; see Figures 4-6. Furthermore, the display inserts can be said to have a display on only a portion of the upper surface since the display writing does not cover the entire upper surface of the insert.

Terminal Disclaimer

3. The terminal disclaimer filed on 7/27/04 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,635,331 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Objections

4. Claim 21 is objected to because of the following informalities: in line 4, of claim 21, it appears that the term “or” should be – on – to make the claim grammatically correct. Appropriate correction is required.

Allowable Subject Matter

5. Claim 24 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Claims 1-20 are allowed.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
